## **Personal Data – What’s That?**

What we mean is any information that could be used to identify you. At its simplest this could be just your name and address; or, it could include a telephone number, email address, a picture or a recording of you.

## **Where we Get your Personal Data From and What we Do With It**

Basically, we get it from you! If you are under 13 then your parent, carer or school has to give it to us on your behalf. We don't buy lists of names. We explain how we keep your information safe in our other 'Privacy Notice' – it is a bit longer than this one! You can ask to see any of that information any time. It is really important for you to know that we are very careful with your information.

## **How Long we Keep your Data For**

We have thought a lot about how long we should hold on to personal data. We believe it is only as long as you would consider reasonable, or where we have to because of the law. We keep it very safe on our systems, just like you would expect us too.

## **Your Rights**

You have all the same 'rights' with regard to your personal information as adults do – this is a very good thing. There are 8 rights and you can see them [here](#).

If you want to know more, have a look at our general Privacy Notice. You can view this [here](#).
